**V. Old Business**

- 1.) John, KE4KBM called for reports on Old Business
- 2.) John is still listing Skywarn training link <https://www.weather.gov/skywarn/> . John has completed the training, as well as Chris Gootee.
- 3.) Bill KD4NSU was not present and could not report on the net list. John stated that Bill reported that he could not get the mast removed for a lady needing one removed. (See June Minutes, new business.)
- 4.) John stated he could not reach Angela Walters requesting a support Tenway UV-5R walkie-talkie.
- 5.) Re: Remote Licensing: George and Bud have registered but John and Paul need to get signed up. George will send out information again to John and Paul.
- 6.) Fund Raising: John discussed possible Tail Gate sale at National Guard Parking Lot.
- 7.) John stated the need for us to volunteer for Post Bingo when that resumes.
- 8.) Red Cross: John has not received responses from the representative over the recent Red Cross national exercise. As John put it, a response in the form of a non-response. John stated he is unsure of how to pursue this any further and looks for suggestions as he is receiving no response. Chris stated through John that the Post has a role in community activity as it is part of the Post's charter. John was told that he has been told that we should become a 'Red Cross' volunteer. This requires an ever-changing 'laundry list' of courses which has caused volunteers to diminish in this area. John feels we should work with the Post and local contacts, i.e. Mr. Pruitt from EMA and develop a course of action that way. John stated that Mr. Pruitt has received funding for Generators to power an EOC in the "Kobec" building aka, OKH Middle School. John's related previous experience in the Huntsville Radio Club that developed the communications deployment at an EOC there. John stated he would look like to pursue that. Chris added interfacing through Jim Dittmier due to his background in the FD. Various discussions ensued. Chris will set up a time with Dittmier.
- 9.) Repeater: Chandler reported on status of UHF repeater, antenna and hardline. Equipment is essentially ready and deployment is pending Arnold's tower climber acquisition.
